Objective

As a multifaceted and forward-thinking web designer with significant expertise in web development, UI/UX design, and visual aesthetics, I am committed to delivering captivating and user-focused digital experiences. With a robust understanding of coding languages such as HTML, CSS, and JavaScript, along with a sharp eye for design principles, I strive to develop responsive and visually appealing websites that not only fulfill client requirements but also please end-users. Furthermore, I have a foundational knowledge of WordPress, which allows me to effectively create and manage content-rich websites. My objective is to utilize this blend of skills to contribute to dynamic projects that emphasize usability and accessibility.

Skills

Proficient: HTML, CSS, Bootstrap, Javascript, ReactJs.
Comfortable: Programming, CPP, SASS.
Tools: Adobe illustrator, Adobe Photoshop, Github, Netlify

Projects(UI/UX)
